MOTHER OF ENLIGHTENMENT- RIDING A LION (SATAN-LION)-
PICTURE ABOVE: SHE RIDES A SEA SERPENT (LIKE DRAGON).

Why was ISIS a Moon “goddess”? The Sun was the originator of the light (Osiris), or the “god” himself, but the Moon was its reflector or mirror image of reality-hence the Moon sends it’s reflected light (truth-spirit) into a darkened world (night)-of the unenlightened.

HIGH ALTAR- NOTE: OBELISK BEING UPRIGHT REPRESENTS THE “GOD” HIMSELF, **THE INVINSIBLE SUN (TAMMUZ)**. The Sun strikes the High Altar at its ZENITH POINT, just above the OBELISK—the “shepherd king” has risen to life anew (by resurrection)..Read Ezekiel 8:14.
